Memorial Day will be well observed in this city. See program in another column.

They have recently discovered a breed of dogs in Asia that deliberately run down and kill tigers. Such dogs have a good deal of gall.

The Stockton Mail says: "There is more joy in San Francisco over one champion pugilist that returneth than over ninety and nine good citizens who never fought a prize-fight in their lives.

Wife—I've an awful cold, and you don't show the least sympathy.

Hubby—You shouldn't have walked down stairs last night in your stocking feet when you thought I was in the kitchen with the servant girl.

Mrs. Frank Beers, Misses Belle Spurgeon, Nellie and Hattie Cushing, Laura Friend, Hallie Bigelow, Lena Crabb, Carrie Lutz, Susie Dorsey, and Horace Dorsey and Morton Horton were confirmed by Bishop Leonard at the Episcopal Church Sunday.

The man who made the following remark is wanted by the board of lady managers at the fair. He met a friend in the machinery building who asked him if he didn't think the noise was overpowering. "No," he replied, "not for me, for I have just come from the women's building."—Ex.

Editor McClatchy, of the Sacramento Bee, says: "We are exceedingly glad that the Murphy estate has got into the Courts in San Francisco. The daughters abominate this country, and would have spent the money in Europe. As it is, the lawyers will get most of it, and, as there is a jolly, generous lot of them, they will keep the coin in circulation in this State." Furthermore, this same editor, who is proud of his lineage, says: "A Murphy that is not ashamed of the land of its ancestry, and is proud, happy, and thankful to be kissed by the generous sunlight of its adopted country, is a Murphy that it would be a pleasure and an honor to know. But a Murphy whose seed was brought over in the steerage, and who subsequently thinks there is no cabin passengers anywhere in this benighted country fit to associate with—well, such a Murphy is a disgrace to the parent apud."

## A Blow at the Mint.

Yesterday came the order to suspend coinage at the Mint. The orders dispense with the services of the entire coinage force of (22); also the Record Clerk, Abstract Clerk and Register of Deposits in the Superintendent's department; four employees in the Melter and Refiner's department; three in the Assay department, and four in the general department, and reduce the pay of the watchman to \$3 a day.

Gold and silver will be received and paid for as heretofore, and parting and refining of gold and silver bars continued.

Out of a force of 64 employees only about 20 will remain.

Last evening it was rumored that Jewett Adams had been appointed Superintendent and Hiram Harris Melter and Refiner. Nothing definite could be heard.

If the Mint remains closed it will take about \$5,000 out of circulation.

## ICE ICE

Owing to the scarcity of Ice this Summer, parties desiring the same for the season, should not fail to leave their orders at once at Dr. J. M. Benton's Livery Stable corner 3rd and Carson streets Carson City Nevada. m14tf

J. M. BENTON.

## GENERAL IRISH.

He is About to Leave Nevada for Washington.

Eight years ago when Gen. Irish came to this State, he met with considerable opposition because he was a carpet bagger. The APPEAL approached him on this ground then, but now that he is leaving we will do him the justice to say that he has benefited the State by being here.

During his regime as Surveyor General there was never any scandals in his office and he went out as he went in, clean handed.

His first work in this State was an address delivered before the Legislature in Jan. 1887 upon the subject of Irrigation in Nevada, the result of which, the Legislature made the first appropriation for the purpose of a State weather service. He then personally interested himself in securing observers in all parts of the State to assist Prof. Friend in building up the now splendid corps working in that service. This service so freely given by Gen. Irish was duly acknowledged by Prof. Friend in his report to the Legislature. When U. S. Surveyor General, Gen. Irish industriously and at his own expense collected data as to our climate and soil productions, and for the first time in the history of that office he made a report to the Land Department giving the great range of valuable crops which our State can produce showing that it by proper husbanding of our material, our resources can be made to equal if not surpass our neighboring States in the line of husbandry.

He has devoted all his spare time in travelling over the State and noting its water supplies, and topography, in relation to its prospective agricultural improvement and has done this unostentatiously and at his own expense.

From the knowledge so obtained he has been able to place before the public from time to time an account of our State of inestimable value to its citizens and to the intending immigrant.

His writings on these subjects have enriched the pages of reports from the Department of the Interior and of Agriculture at Washington as well as these of several magazines. It is no wonder then that he is called to the high and responsible position of chief of the Irrigation Division of the Department of Agriculture.

## District Court.

Judge Cheney held a session of the above Court yesterday, and the following business was transacted:

G. F. Van De Mark vs. Gladding & Bright. Demurrer withdrawn and defendants allowed 15 days to answer.

Richard Kernan vs. C. M. Schulz. Foreclosure of a chattel mortgage. Decree of foreclosure ordered.

M. C. Gardner Sr. vs. Brown Bros. et als. Ten days additional time to answer.

## JUSTICE COURT.

Frank Purcell's case was called at eleven o'clock. Upon motion of the District Attorney the case was dismissed, the defendant paying the costs. Sabin, after having Purcell arrested, refused to push the complaint.

Frank Ambrosetti and B. F. Danhauser settled the dispute out of court and each went away happy and contented. Each one paid half the costs.

## Too Confident

Purcell lost his fight in Reno by over confidence. He had won so many fights that he allowed himself to be roped into an agreement where the La Blanch swing or "pivot blow" his favorite and most effective blow, was barred. He never realized the big task he had undertaken until he had fought a couple of rounds. He faced his work gamely and never quit until nature was exhausted.

The next time he makes a match he will probably scan his contract more carefully.

## BORN.

To Will Day, a daughter. That was the capital prize in the lottery for May.

## Bargains! Bargains!

Scissors and Razors, Rogers' plated ware, Rochester lamps in every style, China and crockery ware, hardware, stoves and ranges, agricultural implements, wagons, buggies, etc. Everything you can think of. Doors and windows

## Visiting Wheelmen.

Five of the Reno wheelmen arrived in Carson Sunday night on Victor safties, making the trip from that place in about four hours, actual traveling. They report the roads in rather poor condition, and had considerable walking to do. However they enjoyed the trip, which gave them a ravenous appetite, and when they got through dinner at the Arlington, the proprietors had to lay in a new stock of provisions.

They were Messrs. Chas. Jones, Al Helms, Gus Moore, Chas. Nash and C. Gottschalk.

Whenever the Reno cyclists go on a trip they always take Jones with them to make fun for the balance. While Jones is not a handsome man, he has a pleasant, engaging way about him that keeps the boys "smiling" continually. They are all a jolly lot of fellows and will come up again shortly.

There are now over 150 wheels in Reno, and about 90 will turn out in the Decoration Day parade, 42 of them being ladies, and when stretched out single file at a safe riding distance apart, will make a line over 1000 feet long, or nearly six blocks.

## Lost a Breakfast.

Yesterday morning the editor of the APPEAL had ordered his breakfast at the Riverside Hotel Reno, (for which Chamberlain had collected pay in advance) when the smiling waiter girl who slings the dishes for the first table near the door handed him a Sunday Examiner.

"That a foins thory by Billy Morrow in the Examiner."

It was called "A Mystery of the Fog" by W. C. Morrow, and the scribe started to read it. It was a five column story and so intensely interesting that a large slice of tenderloin steak and its surroundings got cold while the scribe read on.

When the editor had finished reading this absorbing story the boy rushed in and yelled that the buss was starting for the train and so the breakfast had to be left untasted. Not even a mouthful of coffee was sipped and old Chamberlain refused to refund a cent.

If Mr. Morrow don't owe us a square meal for such work then it's time to rise up and inquire if there is any justice left in this country.

## DIED.

Annie, the 11-year-old daughter of Wm. H. and Eliza Maher, died in Virginia City Sunday morning. Deceased was a sister of Mrs. John M. Prior of this city. The funeral took place yesterday afternoon and many friends followed the remains to their last resting place.

## Citizens on Foot Attention!

There is no more honorable association than that of American Citizenship. Every lover of things American, not marching with some organization to which a place has been assigned, is especially requested to join the procession to-day with the Citizens on Foot.

J. POUJADE, Marshal.

## After a Hat.

Yesterday U. S. Marshal Humphries was bringing up a batch of prisoners when one of their hats blew off. One who was not hand cuffed was requested to get the hat. When last seen he was chasing it over the hill toward Glenbrook.

## Dog Owners Attention.

Owners of Dogs not having paid their Dog tax are requested to do so at once. All persons failing to do so will be dealt with according to the Ordinance having reference to Dogs.

WM. KINNEY, City Marshal.

Tobacco Users Smile Sometimes, when told that tobacco hurts them: their wives never do, because shattered nerves, weak eyes, chronic catarrh and lost man-hood, tells the story. If your husband uses tobacco, you want him to quit, post yourself about No-to-bac the wonderful, harmless, guaranteed tobacco habit cure, by sending for our little book titled: "Don't Tobacco Spit and smoke your life away," mailed free.
